DIFFERENCE**

## Food-on-Wheels: The healthiest food truck you've ever met

The healthiest arrangement of daily meal will need 50% of the intake of vegetables, 25% of buts and 25% of proteins.

Our food service will ensure that in our proposed food truck located right at Sciences Po\*

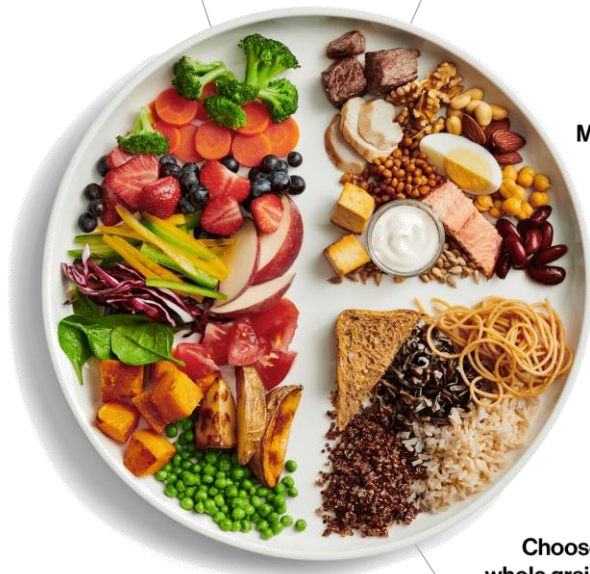

Sandwiches will be fresh cooked with daily purchased ingredients

Have plenty of  
vegetables and fruits

Eat protein foods

Make water  
your drink  
of choice

Choose  
whole grain  
foods

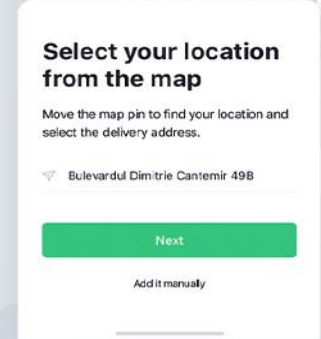

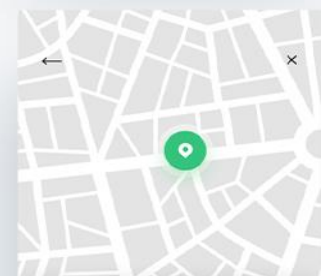

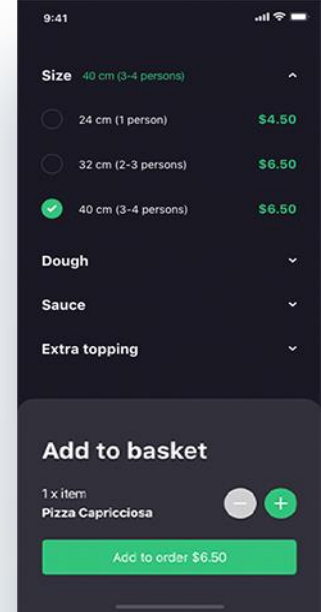

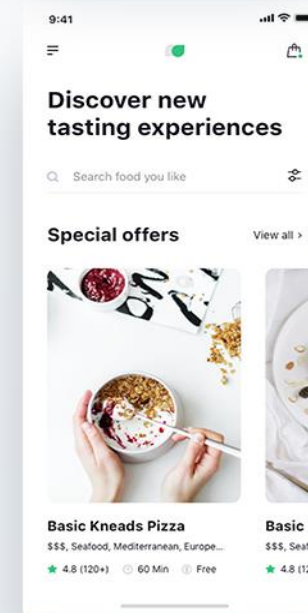

Supplying  
fresh  
prepared  
food

## Food-on-Wheels: Your lunch at the finger tip

We would launch an APP to support the online ordering and pick up at the food truck

Also, we will cooperate with nearby restaurants to support the online ordering and pick-up-later in all the nearby restaurants

## Food-on-Wheels: Make your difference just by the dine

In our proposal, we would promote the rebate organism: We encourage our customers to return the packaging materials.

Once the packaging is returned, we will send the collected packaging to municipal cleansing company to collectively process the used packaging.

To encourage customers doing so, there will be points and rebates for the next buying. Customer will get extra points (to redeem as discounts by sharing as well.
